

ECO WARRIORS

Christ College, Umeit
Ri-Bhoi, Meghalaya-793116

Motto: “Save our mother Earth”

Brief Profile

The Eco Club of Christ College, Umeit is an academic and co-curricular club functioning under the guidance of faculty coordinators to promote environmental awareness, sustainability, conservation, and sustainable living among students. It is a forum through which students can reach out to influence, engage their parents and neighbourhood communities to promote sound environmental behaviour. It will empower students to explore environmental concepts and actions beyond the confines of a syllabus or curriculum. While everyone, everywhere, asserts the importance of ‘learning to live sustainably,’ environment remains a peripheral issue in the formal educational system. The club provides a platform for students to engage in activities that encourage respect for nature, ecological balance, and the protection of the environment through awareness programmes, campaigns, field activities, and student-led initiatives.

The clubs aim to instil values and behaviours necessary for sustainable living. Students are encouraged to participate in environment-friendly activities fostering a sense of responsibility towards nature, importance of biodiversity, waste management, climate action, and sustainable practices in everyday life. Through its activities, the Eco Club seeks to inspire students to become active contributors in building a cleaner, greener, and healthier society.

Vision

The club will be committed towards raising social awareness regarding environmental issues and changing student’s attitude towards the environment by enlisting their active participation in club’s activities and the promotion of sustainable living for the well-being of society and future generations.

Mission

- i. To create awareness about environmental issues and sustainable practices.
- ii. To encourage students to participate in conservation and eco-friendly initiatives.
- iii. To promote responsible use of natural resources and waste management.
- iv. To organize environmental activities that develop knowledge and social responsibility.
- v. To inspire students to become advocates of a greener and healthier environment.

Objectives

- i. To develop environmental awareness among students.
- ii. To encourage eco-friendly habits and sustainable lifestyles.
- iii. To organize plantation drives, cleanliness campaigns, and awareness programmes.
- iv. To promote conservation of biodiversity, water, energy, and natural resources.
- v. To involve students in activities that connect learning with environmental responsibility.

Activities

The Eco Club organizes the following activities:

- ✓ Plastic-free and eco-friendly initiatives
- ✓ Celebrations of important environmental days
- ✓ Organise seminars, debates, lectures and popular talks on environmental issues in the College.
- ✓ Campaign on pollution, climate change, and waste management, recycling of glass and metals.
- ✓ Field visit to environmentally important sites including polluted and degraded sites, wildlife parks, etc.
- ✓ Organise rallies, marches, human chains and street theatre at public places with a view to spread environmental awareness.
- ✓ Action based activities like tree plantation, cleanliness drives both within and outside the college campus.
- ✓ Maintenance of public places like parks, gardens both within and outside the college campus.
- ✓ Mobilise action against environmentally unsound practices like garbage disposal in unauthorised places, unsafe disposal of hospital wastes etc.
- ✓ Beautify selected roadside area with plants and flowers and put campaign boards to generate awareness.
- ✓ Any other innovative programme on environmental issues.
