Christ College, Umeit

Entrepreneurship Cell,

Motto: “Nurturing Ideas, Creating Opportunities and Building Entrepreneurs”.

The Cell aims to foster an entrepreneurial mindset among students and create an environment where ideas can be transformed into meaningful ventures. Recognising the importance of entrepreneurship in addressing unemployment, promoting self-reliance and contributing to local economic development. The Cell's objective is to encourage students to think beyond conventional career pathways and explore opportunities in Business, innovation and enterprise creation.

The Cell aims to undertake the following activities:

1. Awareness workshops and guest lectures by local entrepreneurs.

2. Training in business planning and financial literacy, covering savings, budgeting, costing and basic banking.

3. Mentoring students in developing their business ideas.

4. Pitch competitions and business plan presentations to encourage and support student ventures.

5. Idea generation activities, where students identify local problems and propose simple, practical business solutions.

6. Seeking guidance and linkage with PRIME Meghalaya and other support organisations for training, mentorship and funding. The institution has applied to PRIME Hub Ri Bhoi, MBMA, for financial support.

Our Commitment

The Cell is committed to developing a culture where students are not merely job seekers but also job creators. By connecting academic knowledge with practical entrepreneurial experience, it seeks to empower young minds to become innovative, confident and socially responsible entrepreneurs who contribute to the economic development of Meghalaya.
