CHRIST COLLEGE, UMEIT

ALUMNI MEET AND ENGAGEMENT REPORT

Christ College recognises its alumni as an integral part of its institutional community and is committed to maintaining meaningful and lasting relationships with its former students. The college has been making continuous efforts to strengthen alumni engagement by inviting alumni to participate in various institutional programmes, celebrations and activities. As part of this initiative, alumni were invited to the college's cultural fest, Symphony 2026, held on 30th October 2026, providing them with an opportunity to reconnect with their alma mater, interact with current students and relive their college experiences. Alumni have also been invited to participate in various other programmes, including Career Development Programmes, where their experiences, insights and professional journeys can serve as a source of inspiration and guidance for present students.

The college also endeavours to maintain regular communication with its alumni through virtual platforms, particularly WhatsApp groups, which facilitate the sharing of important updates, institutional announcements, programme invitations and other relevant information. These platforms help sustain a sense of belonging and keep former students connected with the institution, irrespective of their geographical locations.

Furthermore, Christ College places considerable emphasis on the career development and professional growth of its alumni. The institution strives to extend continuous encouragement, guidance and support to former students as they navigate their academic and professional journeys. Through interactions, guidance and information-sharing, the college seeks to help alumni explore further educational opportunities, career prospects, skill development programmes and other avenues for personal and professional advancement.

The college also recognises the valuable role alumni can play in institutional development. Their experiences, achievements, suggestions and professional expertise can contribute significantly to improving the quality of education and providing meaningful exposure to current students. Accordingly, the institution encourages alumni to remain actively associated with the college and contribute through mentoring, sharing career experiences, participating in academic and extracurricular activities, and supporting student development initiatives.

Through these efforts, Christ College aims to build a strong, supportive and mutually beneficial alumni network that fosters lifelong connections, promotes professional growth and strengthens the relationship between the institution and its former students.
